Area Overview

During the 1970's, musicians proved you could rock hard and love even harder. They did so through intense, emotional musical outpourings called 'power ballads'. Without Fairview Heights native Neal Doughty, power ballads might not have been possible. Doughty's dramatic keyboard performances provided an essential element to many.

Aside from the power ballad, Fairview Heights is also known for its close proximity to St. Louis and its very own Drury Inn and Suites. At Drury, we don't express our affection to customers through song, but through clean rooms, friendly service and a stunning amount of free amenities.
